Adigo[®] MAN

Shaving Foam

Regular & Sensitive

with
Allantoin, Aloe Vera & Glycerin

The creaminess of the Shaving Foam – Soft Shave minimizes friction and improves the sliding of the blade during shaving. It contains allantoin and glycerin to hydrate, nourish and revitalize the skin and aloe vera that soothes and regenerates the skin after shaving. The creaminess favors the sliding of the blade protecting the skin from small cuts and its components avoid irritations. As a result, the skin looks healthier, softer and more flexible to the touch.
